Unit Purpose

The purpose of Sunday School Story time is for the children to get to know some of the adults in the church. For our children to grow strong in the spirit they need direction. They will be better able to take direction from people they feel they can relate to and respect.

Speakers are invited to share any part of their life story provided it is G-rated! Please also spend some time describing what you were like as a child so that they can identify with you more easily. It is hoped that the story time sessions will in time create opportunity for the children and adults to converse with each other beyond Sunday School about salvation and other issues.

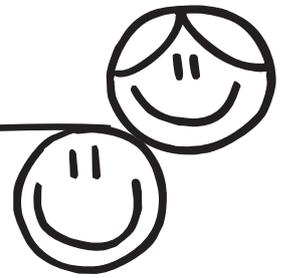

Children respond to visuals so if you have photos or something that can help illustrate part of your story please bring it along. Use the discussion questions below if you need to.

Discussion Questions

1. Where did you grow up?
2. Who was in your family?
3. What things did your family do together?
4. Did you get along well with your siblings/parents?

* Show the children where the stories are in the bible. The children need to know where the stories come from and that they are not 'fairy tales'.
